Mold Casting Resins

Formulated specifically for art

Mold Casting Resins

EMC840 is UV resistant clear casting epoxy resins suitable for a variety of industrial and art related projects requiring a rigid, clear finished casting. Castings cure with negligible shrinkage and are very hard and strong. Resin can be colored with colorants. Cast powders can also be added to create amazing casting effects.

Epoxy resin is widely used by artists, crafters, woodworkers, and hobbyists and has become very popular in recent years.

NO BPA

NO VOC

Crystal Clear

Self Defoaming

UV Resistant

TECHNICAL OVERVIEW

Physical Properties	DATA
Mix Ratio By Weight	100A:100B
Mixed Viscosity CPS.	1500CPS
Pot Life	40mins
Pouring Thickness	<2inch
Cure Time-25°C	8 hours
Full Cure Time-35C	72 hours
Color	Clear
Shore D Hardness	85D

These tests were conducted at 77°F/25°C.

Customizable

- Custom Packaging
- Custom Formulations
- Custom Kits
(measuring cups, molds, stirring rods, etc.)
to customize the set.
