

# FLYER Epoxy resin

## Epoxy resin

Epoxy resin is UV resistant clear casting epoxy resins suitable for a variety of industrial and art related projects requiring a rigid, clear finished casting. Castings cure with negligible shrinkage and are very hard and strong. Resin can be colored with colorants. Cast powders can also be added to create amazing casting effects. Epoxy resin is widely used by artists, crafters, woodworkers, and hobbyists and has become very popular in recent years.
